The first song that I loved by Chris Brown was "Say Goodbye". I think it was the first song I heard by him. I think I first heard it on the commercial for Step Up (the first one) because he made this song for that movie. He even did a music video to go with the movie that is on the DVD. Right away I thought it was just the sweetest song. Probably the sweetest song that he has made. Even better than "With You". This was my very first ringtone, well... except for all the ones that came with the phone. It just seems like the more I listen to it, the more I love it. It is one of the top listened to songs on my Ipod. Even though it is a couple years old now, and I have listened to it hundreds of times, Chris Brown singing this song never gets old. I will be in my eighties listening to this song.

Although he is breaking up with his girlfriend (in the song) it is a really adorable song, plus, the way he sings it, it sounds honest instead of just a song. Gosh, it is just the cutest when he says "Sometimes it makes me want to cry". That makes me want to cry! In the song he says "There is never a right time to say goodbye". That is so perfect because it is true. And he also says "I really don't feel the way, I once felt about you" which shows that he doesn't want to break up with his girlfriend but he isn't feeling the same way anymore. I think it is better to break up with someone because you don't have feelings for them anymore than to act like you still love them and stay with them. Because then you are unhappy and you are lying everyday to someone that has TRUE feelings for you. He just seems really nice when he is breaking up with her too. Except in the music video on the DVD, he almost (not quite) almost cheats on her. Poor girl, if I was dating Chris Brown, I would do everything I could so that we could stay together. But then again, his girlfriend in the music video seemed pretty mean and controlling. I don't think he really liked her at all. Well, it is a really awesome song. I love it! His best song ever.

Here are the lyrics for "Say Goodbye":

Look we gotta talk

Dang I know

I know it's just

It's just...

Some things I gotta get of my chest alright....

Yeahhhh...

Whoa, whoa, whoa, oh, whoa, whoa, whoa, whoa, oh, whoa...

Listen..

Baby come here and sit down, let's talk  
I got a lot to say so I guess I'll start by  
Saying that I love you,  
But you know, this thing ain't been  
No walk in the park for us  
I swear it'll only take a minute  
You'll understand when I finish, yeah  
And I don't wanna see you cry  
But I don't wanna be the one to tell you a lie so

How do you let it go? When you,  
You just don't know? What's on,  
The other side of the door  
When you're walking out, talk about it  
Everything I tried to remember to say  
Just went out my head  
So I'ma do the best I can to get you to understand

There's never a right time to say goodbye  
But I gotta make the first move  
'Cause if I don't you gonna start hating me  
Cause I really don't feel the way I once felt about you  
Girl it's not you, it's me  
I kinda gotta figure out what I need (oh)  
There's never a right time to say goodbye  
But we know that we gotta go  
Our separate ways  
And I know it's hard but I gotta do it,  
And it's killing me  
Cause there's never a right time  
Right time to say goodbye

Girl I know your heart is breaking  
And a thousand times I  
Found myself asking, "Why? Why?"  
Why am I taking so long to say this?  
But trust me, girl I never  
Meant to crush your world  
And I never  
Thought I would see the day we grew apart  
And I wanna know

How do you let it go? When you,  
You just don't know? What's on,  
The other side of the door  
When you're walking out, talk about it  
Girl I hope you understand  
What I'm tryna say.  
We just can't go on  
Pretending that we get along  
Girl how you not gonna see it?

There's never a right time to say goodbye  
But I gotta make the first move  
'Cause if I don't you gonna start hating me  
Cause I really don't feel the way I once felt about you  
Girl it's not you it's me.  
I kinda gotta figure out what I need (oh)  
There's never a right time to say goodbye  
But we know that we gotta go  
Our separate ways  
And I know it's hard but I gotta do it,  
And it's killing me  
Cause there's never a right time

Right time to say goodbye

Listen to your heart

Girl you know,

We should be apart, baby I

I just can't do it

I, I just can't do it

Listen to your heart

Girl you know,

We should be apart, baby I

I just can't do it

And sometimes it makes me wanna cry

Oh, oh, oh, oh, oh, oh, oh [4x]

Do you hear me crying?

Oh, oh, oh

There's never a right time to say goodbye

But I gotta make the first move

'Cause if I don't you gonna start hating me

Cause I really don't feel the way I once felt about you

Girl it's not you it's me.

I kinda gotta figure out what I need (oh)

There's never a right time to say goodbye

But we know that we gotta go

Our separate ways

And I know it's hard but I gotta do it,

And it's killing me

Cause there's never a right time

Right time to say goodbye

There's never a right time to say goodbye

But I gotta make the first move

'Cause if I don't you gonna start hating me  
Cause I really don't feel the way I once felt about you  
Girl it's not you it's me.  
I kinda gotta figure out what I need (oh)  
There's never a right time to say goodbye  
But we know that we gotta go  
Our separate ways  
And I know it's hard but I gotta do it,  
And it's killing me  
Cause there's never a right time  
Right time to say goodbye
