Rank: #99

Coming in number 99 is the amazing Nigel Barker, a photographer and model. Mostly known because he is a judge and a photographer on America's Next Top Model, which is one of the best reality TV shows ever. My favorite episodes are when he is the photographer because he takes some of the most amazing photos I have ever seen. Which is just another reason for him to be on the list, because he has talent!

I have to admit, I thought Nigel Barker was... gay when I first saw him and heard him talk. I mean it is weird because he doesn't act gay... he just has that kind of attitude. But he isn't! He has a wife who is another model and one son and another son on the way. His wife is very lucky because he is sexy.

When I say this man is sexy I mean this man is FINE! He has one of the best smiles I have ever seen, he is tall, dark and handsome! That is not just a saying when it comes to Nigel Barker. And all those things are very very good. Plus who can resist that sexy English accent. Not me, that is for sure. He can even fill out a shirt pretty well with those muscles on that hot body. Most definitely one of the hottest bald men I have seen.

Nigel Barker and I share a common interest, fashion! Plus on America's Next Top Model he has a funny personality, just like me! When you have an awesome personality, you are hot. (plus he really is HOT in looks too) What I am just saying... he is sexy and he seems cool to be around. I just can't find anything wrong with him.

Those are the reasons why Nigel Barker came in number 99. The man is sexy and cool but there are still 98 male celebrities hotter than him! Hard to believe, I know, but it is true! So keep reading until we finally reach number ONE! Who can it be?
