Gwen Stefani is too awesome for words. I have been impressed with her music for as long as she has been making it. I have been a fan since she was with No Doubt all the way to her most recent solo album "The Sweet Escape".

When I am a fan of a band or a artist for a long time I like to look at their over all songs and performances by them. When I think of Gwen Stefani, I can see how her music has truly changed with her. A artist needs to transcend as they get older and older but at the same time bringing something that the public will like to the table. I absolutely think Gwen Stefani has done that.

My favorite song by Gwen Stefani is "Cool" on her first solo album called Love. Angel. Music. Baby. I think this song has an adorable idea because it is about an old couple that are still friends and she is happy that they are "cool". It is really hard to be friends with someone that you dated so I like how she sings about something people can relate too.

Love. Angel. Music. Baby. Had many good songs that I still listen to all the time. It was her getting out as a solo artist c.d. and she did great on it. I would say almost all the songs on it are really good.

The one song I don't like on that album is "Bubble Pop Electric". That song is not the worst song I have ever heard but it isn't a good song. It is not a boring song but it doesn't really mean anything and it isn't fun to listen too. But other than this song I think it is a great c.d. http://www.youtube.com/watch?v=8wbxAg_t2sg

Gwen Stefani's latest c.d. The Sweet Escape is just as good as the first one. My favorite song on this album is "Early Winter". I can listen to this song for hours without getting bored. This is the best sang and best written song on the c.d.

One of the songs I don't like of it is "Orange County Girl". That song is lame and all over the place. "La la la la" is stupid to add to a song. Just kind of boring in my opinion. But this c.d. is still a good one. <http://www.youtube.com/watch?v=ouYlyDsWUXA>

So over all I think Gwen Stefani has a bunch of talent and she shows it in most of her songs. She advances and learns from her older songs. Gwen Stefani is awesome. I recommend her to people who like good music. :)
