This gorgeous bachelor is not the oldest man on the list but he is pretty close. In fact he is second. (hint hint). Well for those crazy people who don't know who this is, he is an American actor, director, producer, and screenwriter. Not to mention he is an Academy Award and Golden Globe winner.

Although this man is 47 he has still got it. I mean who cares about his black and white hair. It is sexy black and white hair. I can't think of one flaw that this guy has. Usually when you are getting up to your fifties you start showing it but George Clooney is aging very well.

This guy is so handsome. He has this adorable smile. Most of the time it isn't a full smile but this little grin or smirk but when he does actually show us his full wide smile it is so adorable. I could just stare at him all day long.

I can't even describe his long muscular body. He obviously works out but he isn't so big that it is gross. So he has a rockin' body. I love a guy that works out. He doesn't look like the normal old dude, he looks like a god compared to the other men his age. He truly amazes me and my eyes.

Okay, I know I am not the only one who is thinking this, you all know you would use him to hang out with all his hot friends. I mean this hottie hangs with other hotties, he is friends with Brad Pitt, Matt Damon, and Matt Damon is friends with Ben Affleck! Imagine you hanging with all them... Oh goodness!!!

So that is why George Clooney is our number 82. I mean I really didn't need to spell I out for you all, for I don't mind writing and searching for hot pictures of sexy guys, and this man is a very sexy man. Do you think it is a sign of destiny that we are both single?
