Jordin hit big time fame when she won American Idol at the tender age of 17. Since then Jordin has not only grown musically but also into a seriously hott girl. But then I have to admit that I like fat girls the best anyway. Girls with curves have a big advantage on those skinny little actresses and singers. Okay it is probably a disadvantage when it comes to getting jobs in Hollywood, but those idiots have know idea what the real world likes to see anyway.

I will also admit that I am not a big fan of American Idol but listening to some of Jordin's performances from the show makes you realize what a truly talented girl she is. It is also nice to see that if you have talent like she does you can stand out from the crowd and be recognized for those talents. After the show is when she really started to shine though. A couple of her songs from the album tattoo are simply incredible. The title song tattoo has to be one of my favorites and the duet she did with Chris Brown called "no air" is always a crowd pleaser. By far her best performance was at the super bowl when she did the national anthem, it was almost as good as Whitney Houston who did the best rendition ever.

I didn't really come here to talk about her talents and singing though, I got this gig so I could write about hott girls and I figured Jordin was a great place to start. All it takes is one look at her beautiful face and you will be hooked too. The rest of the package makes her one of the hottest girls in the world. So I have put together a bunch of pictures of her sexy body for all of us to enjoy.

I would like to thank Tayler for allowing me the opportunity to put together this list of some of the sexiest women that will ever be featured on a website anywhere in the world. I would also like to let all of you know that she also set us up a place in her forum to talk about hot chicks and post pictures of all of our favorites. I hope to see you there. And please let me know who else you would like to see featured on this site, I will do my best to get some hot pics of your favorites too.
